

ROBUST

Strengthened connecting shaft
and multi-hole bolt-on plate

SIMPLE

Low crank forces make it easy to operate

ECONOMICAL

Low maintenance and comparatively light for more payload

BPW landing legs

TRANSPEC
ENGINEERED TO LAST

BPW IS THE RIGHT CHOICE

BPW landing legs

Technical data

(per set)

Lifting capacity	24 t
static load capacity	50 t
Stroke per crank turn	
Low gear	0.8 mm
High gear	9.6 mm
Crank force at 16 t	175 N

YOUR ADVANTAGES AT A GLANCE:

ROBUST

Just the right thing for usage in heavy jobs with a trailer, thanks to the reinforced shaft for the absorption of lateral forces and the continuous screw-on plate for optimum strength. And all with built-in safety.

SIMPLE

The long, continuously perforated screw-on plate for different fixing positions ensures an easy, flexible installation. The low crank forces ensure less operator fatigue during operation.

ECONOMICAL

Advantages that pay off: BPW landing leg's are particularly light – and therefore the first choice, if every kilo of vehicle load makes a difference. BPW landing gear is maintenance-free for one year due to the long-term greasing with BPW ECO Li 91. In addition, it impresses with the lowest level of wear and is optimally protected from corrosion through high-quality coatings.

BPW landing leg
